

Students Unable to Access Forums

Description: If your students are not able to access the forums, make sure that you have opened the forums for them.

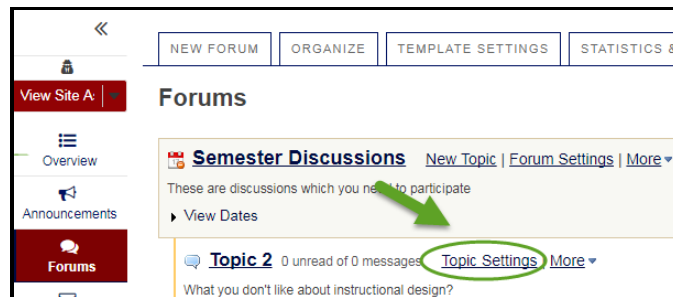

1. Click on **Forums** on the left navigation bar, then click on the **Forum Settings** tab next to the appropriate forum.

2. Next, scroll down to **Availability** and click on radio button **Specify dates to open (show) and/or close (hide)** and provide them with the **Open Date** and **Close Date** and **Save** at the bottom of the page.

3. Do the same for the topic(s) by clicking on **Topic Settings** and repeating the previous step.
